

COMMUNITY
citychurch

COMMUNITY GROUPS:

The **HEART OF LIFE** in City Church.

If you are looking for a way to get more involved, this is the place to start!

WHAT ARE COMMUNITY GROUPS?

Different **communities of people** drawn together by **geography, gender, interest, age or culture**, meeting during the week across Cardiff. Community Groups are **open to everyone** and a great place for you to **belong**, whether you are new to City Church or you are practically part of the furniture!

You have the opportunity to try out different groups and then we encourage you to **settle** on one so that you can start to **grow** within the **community**.

Each community group is led by one or two trained leaders and other support leaders. Each group will have a different flavour to it, but all groups carry the same core **focus**:

//UP - growing spiritually together through worship, prayer and learning from God's Word

//IN - building friendships with time to talk and share food

//OUT - serving the world by finding creative ways to encourage community and share our faith

WHY ARE COMMUNITY GROUPS IMPORTANT?

Loving God with all your heart is a journey that involves **encouragement** and **challenge** from others. Community Groups provide an opportunity to **discuss** and **practise** what you may not easily do in a larger church service. Sunday services are focused on celebrating with the whole family of God and Community Groups give time to **build friendships**. They allow space for you to go deeper in your relationship with Jesus and **serve the world** with the support of others. They are a place where we can **share our faith together**.
